SUMMARY

"Motivated Software Engineering graduate with hands-on experience in MERN/MEAN stacks, Java, DevOps, and machine learning. Proficient in full-stack application development, algorithm design, system architecture, and code optimization. Demonstrates strong problem-solving, collaboration, and communication skills. Committed to continuous learning and contributing effectively to dynamic teams while delivering innovative and efficient software solutions."

SKILLS

- Web development proficiency
- Software development methodologies
- Debugging techniques
- Cloud computing platforms
- Back-end technologies
- Mobile app development
- Cross-platform development
- Strong programming skills

EXPERIENCE

INTERN, 12/2024 - Current
Edunet, Online
- Implemented a chatbot using NLTK and Streamlit with machine learning for intelligent responses

---

INTERN, 04/2024 - 06/2024
FORTINET NETWORK SECURITY ASSOCIATE, TADEPALLIGUDEM
- Focused on cybersecurity using Fortinet solutions
- Gained hands-on experience with firewalls, threat management, and network protection strategies

INTERN, 01/2024 - 03/2024
ZSCALER CLOUD SECURITY, TADEPALLIGUDEM
- Completed an online internship focused on cloud security and zero trust architecture
- Gained hands-on experience with Zscaler solutions and developed network security skills

---

EDUCATION

Sasi Institute of Technology and Engineering, TADEPALLIGUDEM, 01/2025
B Tech
GPA: 8.3

Kakinada Institute of Engineering and Technology, KAKINADA, 09/2022
DIPLOMA
GPA: 8.01

ZP P HIGH SCHOOL, SANKHAVARAM, 03/2019
10th
GPA: 9.7

ACHIEVEMENTS

- Codechef
- HackerRank
- LeetCode
- CodeForces

ACTIVITIES AND HONORS

- Social Worker
- ACM Student Member

PORTFOLIO

https://github.com/veerababu-2003/Portfolio

CERTIFICATIONS

- NPTEL Introduction to Machine Learning with Silver
- MongoDB
- React JS
- Cisco Networking CCNA
- Zscaller Cloud Computing
- Fortinet Networking
